Documents duly signed by student and your institution should be sent to me by regular mail (see below postal address) or as a scans via e-mail.

Benefits of study at our university:

- compatibility of study at UKF with ECTS
- credit system - the student decides on the workload and selects the pace and content of study according to his/her needs and interests
- interfaculty study fields and options to combine subjects
- wide range of optional subjects to supplement and extend the study
- undergraduate, graduate and postgraduate study at five faculties
- developed information technologies
- wide range of leisure time activities (sports, culture...), many of them organised by our student voluntary organisation ESN UKF
- possibility to experience rich history of Slovakia
- low living costs
- each semester we organize for newly-coming exchange students (Erasmus+ and others) The Orientation Week (1 week before starting the semester) in cooperation with our ESN section.

- each semester we offer „Slovak for Foreigners“, course code: JC/SKFOR/07, free of charge course for international exchange students for 2 ECTS per semester. It takes 2 teaching hours/week and it's provided by the Language Center of our Faculty of Arts: <https://www.ukf.sk/en/erasmus/ects-course-catalogues> . All exchange students are very welcome to attend it!

If you have students or staff interested in mobility at our university, please, navigate them to contact our International Office, so we can help them with application procedure and practical issues for the stay. ***Please, note that we are able to accept also students for Erasmus+ traineeship (depending on the chosen content of traineeship and workplace) and staff members for individual Staff Training Mobility.***

We will be very happy to welcome your students and staff at our university.
